

Stand Up, America!

**A Grassroots Bible
Study to Restore
Righteousness
to the Land**

By Carole J. Keller

This Book Can Save America's Soul

The real battle for America's soul will be won by men and women who stand for our Biblical heritage...Christians *"knit together as a body in a most strict and sacred bond and covenant of the Lord."* The seeds of America were planted by dissidents in England who stood alone to confront corruption and evil practices. Embracing the Word of God as the true source of authority and freedom, a multitude of people followed Pilgrim Fathers William Brewster, John Robinson, and William Bradford, out of which came forth a nation. The Biblical foundation of the new nation, framed upon the Ten Commandments, became the cornerstone of liberty and the basis for freedom.

*"One of the most important steps Christians can take for our country today is to understand the relevance of America's Biblical foundation and God's Word to their freedoms. In **STAND UP, AMERICA**, readers will learn the true basis of their inalienable rights.*

***STAND UP, AMERICA** is a great read for all who love the Lord and this country and a must read for men and women who aspire to the ministry. This book not only warns us of America's grave danger of losing its moral foundation, but positively points to its full restoration. It is time for Christians who have fallen asleep to stand up and help restore America! I pray that God's unction will be upon this book, the author, and all of its readers."* – Rev. Jose' R. Flores
